

CLEVELAND INDIANS ARE WORLD'S CHAMPS

WIN SEVENTH GAME BY SCORE OF THREE TO NOTHING

MAKING FIFTH GAME WON IN THE SERIES—COVELESKIE WINS HIS THIRD GAME FOR CLEVELAND

(By United Press)

Cleveland Americans are the new baseball champions of the world today, having won today's game against Brooklyn by a score of 3 to 0.

League Park, Cleveland, Oct. 12—Up against almost hopeless odds the Brooklyn Dodgers made their last stand against the victory drunk Cleveland Indians this afternoon.

With four games already marked up to the credit of the American league the Brooklyn's were face to face with the necessity of taking three straight games to win the 1920 world series. Cleveland needed but one more victory.

All odds were against the Dodgers today. Cleveland had Coveleskie with the prestige of two victories of the series behind him, ready to work if Manager Speaker's strategy should point to him today.

Batteries for today's world series game were Brooklyn Grimes and Miller; Cleveland, Coveleskie and O'Neil.

First Inning

Brooklyn—Olson popped to Gardner. Sheehan flied to Jamieson. Griffith was safe at first when Coveleskie dropped a toss from Johnston on his roller. Wheat popped to Wamby. No runs, no hits, one error.

Cleveland—Jamieson sent a high bouncer to Konetchy who raced to first base ahead of him. Wamby flied to Wheat. Speaker popped to Sheehan. No runs, no hits, no errors.

Second Inning

Brooklyn—Myers out, Sewell to W. Johnston. Konetchy out, Gardner to W. Johnston. Kilduff out, Sewell to W. Johnston. No runs, no hits, no errors.

Cleveland—E. Smith out, Kilduff to Konetchy. Gardner safe at first when Sheehan took his grounder and threw high to Konetchy who tried to stop the ball by a great leap. The ball rolled off his glove and Gardner took second base. W. Johnston walked. Mitchell went out to warm up for Brooklyn. Sewell lined to Griffith. Gardner was held at second and W. Johnston at first. O'Neil out, Kilduff to Konetchy. No runs, no hits, one error.

Third Inning

Brooklyn—Miller fanned. Grimes dropped a Texas leaguer in the left field out of Sewell's reach for the first hit off Coveleskie. Olson was safe at first and Grimes at second when Sewell fumbled Olson's easy roller. An error for Sewell. Sheehan batted the ball, hitting Olson as he ran to second. Olson was out. Wamby picked up the ball and threw it to third to head off Grimes who slid in safely. Grimes was ordered back to second however. Griffith flied to Smith. No runs, one hit, one error.

Cleveland—Coveleskie fanned. Jamieson lined to Griffith. The ball hurt Grimes' hand and the Brooklyn infield gathered around him. The crowd cheered when Grimes returned to the box. Wamby put out a slow roller in front of Grimes. Wheat dropped Speaker's long foul after a long hard run. He was given no error on the play. Speaker out. Kilduff to Konetchy. No runs, one hit, no errors.

Fourth Inning

Brooklyn—Wheat singled to right field but was out trying to make a double. E. Smith to Wamby. Myers out, Gardner to Johnston. Konetchy flied to Jamieson. No runs, one hit, no errors.

Cleveland—E. Smith out to Konetchy. Gardner singled past Kilduff. W. Johnston singled to right field. Gardner took third. The crowd broke into an uproar. Sewell flied to Wheat. Grimes and Miller held a long consultation at the plate. W. Johnston attempted to steal second. Miller threw the ball to Grimes who then threw past second base. Gardner scored and W. Johnston took second. Johnston was credited with a stolen base and Grimes charged with an error.

JAMES JOY JEFFREYS

James Joy Jeffreys is known all over the country as "the Man in Overalls" and as "the Billy Sunday of the Railroads." He is a noted lecturer and evangelist who specializes in good citizenship, care of the body, including food, exercise, morals, etc., as well as in purely spiritual talks.

ror. O'Neil flied to Grimes. One run, two hits, one error.

Fifth Inning

Brooklyn—Kilduff flied to Speaker. Miller out, Sewell to W. Johnston. Grimes out, Coveleskie to W. Johnston. No runs, no hits, no errors.

Cleveland—Coveleskie fanned. Jamieson was safe at first when he beat out a dinky roll. Wamby flied to Wheat. Jamieson went to second. Speaker tripled to right center scoring Jamieson. E. Smith flied to Myers. One run, two hits, no errors.

Sixth Inning

Brooklyn—Olson flied to Speaker. Sheehan out, Wamby to W. Johnston. Griffith sent Speaker way back for his tremendous drive. No runs, no hits, no errors.

Cleveland—Gardner out on an easy bouncer to Konetchy. W. Johnston walked. Sewell sent a long fly to Myers in right center field. O'Neil up. W. Johnston out stealing. Miller to Kilduff. No runs, no hits, no errors.

Seventh Inning

Brooklyn—Wheat sent a long foul against the right field wall, then lined out to E. Smith. Myers out, Wamby to W. Johnston. Konetchy singled to the infield, Sewell making a pretty stop of his grass cutter. Kilduff was safe on first and Konetchy took second when Sewell fumbled Kilduff's roll. Lamar batting for Miller. Lamar out, Wamby to W. Johnston. No runs, one hit, one error.

Cleveland—Krueger now catching for Brooklyn. O'Neil smashed a double to left field. Coveleskie bunted to Grimes. O'Neil was caught between second and third. Coveleskie went to second during the run up. Jamieson

AMERICAN ACES RACE FOR \$75,000 AND GOLD CUP

MAN O' WAR WINS RACE OVER SIR BARDON IN TWO MINUTES, THREE SECONDS

Windsor, Ont., Oct. 12—Man O' War proved his claim as the horse of the century here today when he defeated Sir Bardon of a mile and a quarter at Kenilworth Park. Clarence Kumme piloted the great colt owned by Sam Riddle to victory, while a crowd of fifty thousand cheered wildly. The race was for a purse of \$75,000 and a \$5,000 cup, all to go to the winner. Man O' War won in two minutes and three seconds for the mile and a fourth.

Windsor, Ont., Oct. 12—The two aces in the sport of kings met today to decide which is trump.

Man O' War, the champion three year old, and Sir Bardon, four year old star, will race at Kenilworth track for the largest purse ever offered for a horse race in any country—\$75,000 and a \$5,000 gold cup to the winner and nothing to the loser.

The two horses are to take part in four races. The race starts at 1:30 which will bring the fourth race up between 3 and 3:30 o'clock eastern standard time.

The race ranks in interest with the great equine duels of history. Man O' War was favored in betting due to his wonderful record, and the fact that Sir Bardon will be carrying one hundred and twenty-six pounds and Man O' War will carry one hundred and twenty. The meeting of the champions in a one and one fourth mile race will determine the thoroughbred championship of America.

doubled to right scoring Coveleskie. Wamby flied to Myers. Speaker walked. Smith walked, filling the bases. Gardner forced E. Smith, Kilduff to Olson. One run, two hits, no errors.

Eighth Inning

Brooklyn—Schmandt batting for Grimes. Schmandt out, Sewell to W. Johnston. Olson out, Gardner to W. Johnston. Sheehan flied to Smith. No runs, no hits, no errors.

Cleveland—Mamaux now pitching for Brooklyn. W. Johnston flied to Sheehan. Sewell flied to Myers in an easy chance. O'Neil fanned, swinging hard at the last one. No runs, no hits, no errors.

Ninth Inning

Brooklyn—Griffith flied to Jamieson. Wheat singled to center. Myers forced Wheat, Sewell to Wamby. Konetchy forced Myers, Sewell to Wamby. No runs, one hit, no errors.

Final Score:

Brooklyn—No runs, five hits, two errors.
Cleveland—Three runs, seven hits, three errors.

JAMES HALLEY

James Halley is a remarkable old gentleman. At least Secretary Meredith thinks so, for he is planning to give him a private reception all of his own at the department of agriculture. And surely 58 years of continuous service entitles old Mr. Halley to this honor. Since July 1, 1862, until his retirement, May 1920, he served faithfully in the department as a cabinet maker. When he retired on his pension of \$641 a year, Mr. Halley asserted that he was still able to do a hard day's work.

ATTEMPT IS MADE TO ASSASSINATE PRINCE ALEXANDER

SERBIA PRINCE REGENT'S TRAIN BOMBED AT SARAJEVO, SERBIA

(United Press)
Brussels, Oct. 12—An attempt to assassinate Prince Alexander, the prince regent of Serbia, was made at Sarajevo when a bomb was thrown under his train. The explosion wrecked two of the coaches of the train. The Prince was not injured.

After attempted assassination the municipal council and mayor of Sarajevo resigned.

Sarajevo was the scene of the assassination of Francis Ferdinand, crown prince of Austria Hungary, and his wife in June 1914. This assassination precipitated the world war.

FARMER KILLS TWO CHILDREN WITH CHLOROFORM

Lansing, Mich., Oct. 12—While his wife was lying ill in bed with a six day old baby, Earl Roojle, farmer, killed their other two children by chloroforming them, he told Sheriff Silsbee today.

\$3.00 WHEAT WILL COST CONSUMERS \$318,000,000 MORE

GOVERNMENT ECONOMISTS FIGURE THE FARMERS WILL GET THAT AMOUNT MORE

By RALPH COUCH
(United Press Staff Correspondent.)

Washington, Oct. 12—\$318,000,000 is the price the farmers are asking for in demanding \$3.00 a bushel for their wheat, it was estimated here today on basis of data in possession of the agricultural department. Far more than this amount will be added to the price of the nation's bread for the year, if farmers are successful, according to government economists, because an increase to the farmer means several other increases in prices before the product reaches the consumer.

The three dollar wheat will shoot bread prices far beyond their present level, officials said.

Consumers already have paid the farmers more than \$813,000,000 so far this year for wheat, and the farmer still has approximately 445,000,000 bushels of wheat to sell.

MARQUARD GUILTY OF TICKET SCALPING

Cleveland, Oct. 12—Rube Marquard, star southpaw pitcher of Brooklyn was found guilty of ticket scalping when arraigned in municipal court and fined one dollar and costs.

Brooklyn Bars Marquard

League Park, Cleveland, Oct. 12—Rube Marquard cannot play baseball with Brooklyn club again, owner Chas. Ebbel declared this afternoon, after Marquard had been found guilty of ticket scalping. Ebbel said Marquard will not be used this year by the team and that no attempts to withhold Marquard's world series money will be made. He believes Rube has been punished sufficiently by the notoriety he has been given.

HARDING LEAVES THIS AFTERNOON ON TRIP TO THE SOUTH

Marion, Ohio, Oct. 12—Refreshed after a full days rest on the front porch, Senator Warren G. Harding was to leave Marion this afternoon on his southern speaking trip, probably the most extensive tour of the campaign.

He will make nine speeches, at Chattanooga tomorrow, Louisville on Thursday, Indianapolis Friday, and St. Louis Saturday. Speeches are scheduled for a score of points.

Announcement from New York declaring the speaking trip to the east has been called off confirmed intimations prevalent for several days.

MIST AND RAIN EXTINGUISH FIRES

ONLY DANGER NOW IN BURNETT COUNTY FROM HEAVY WIND

St. Paul, Oct. 12—Forest fires in Crane and Carlton counties are practically extinguished, Adj. General W. F. Rhinow said today.

A shift in the wind during the last two days accompanied by heavy mist and rains last night practically extinguished the fire, although peat bogs were burning in many places today. Mr. Rhinow said the only danger today was from the spreading of fires in Burnett county, Wisconsin, with the wind that assumed the proportions of a gale today.

Fires Reported Under Control

Virginia, Oct. 12—Forest fires west and southeast of Kelsey were reported under control today. A change in the direction of the wind aided fire fighters. A rising wind however threatened renewal of the fire and every effort was being made to prevent it spreading.

NIGHT RIDERS THREATEN TO DESTROY COTTON GINS

IF AN ATTEMPT IS MADE TO OPERATE THEM WITH COTTON UNDER 40c

Atlanta, Ga., Oct. 12—Wide spread destruction by night riding terrorists was feared by cotton men here today. Douglas county officials were offering \$500 reward for apprehension of the riders who posted warnings on cotton gins that they would be burned if they attempted to operate while cotton prices are below forty cents.

Guards are being employed at the gins. Posters have been widely scattered throughout sections of the cotton belt. Authorities do not believe the situation is serious.

SEVEN CONDEMNED MEN IN CHICAGO SEEKING REPRIEVES

(United Press)

Chicago, Oct. 12—With the time set for their death only a few days away, seven men convicted of murder and sentenced to be hanged here, were fighting for their lives today. Unless they succeed in obtaining court order staying execution or are reprieved by Governor Lowden, five of the men will be placed in death cells tomorrow afternoon. The other two, scheduled to be hanged Friday, will be sent to the death cells Thursday afternoon.

DAY OF NORMAL CONDITIONS IN INDUSTRY DAWNING

SAYS KANSAS CITY GRAIN EXPORTERS AT NATIONAL GRAIN DEALERS CONVENTION

(United Press)

Minneapolis, Oct. 12—The handwriting on the wall—the omen of tumbling war prices—was too long ignored by American industry, F. R. Warrick, of Kansas City, told leading grain men of the United States and Canada at their national convention here today.

"Price inflation is over," he said. "A new day is dawning—of normal conditions in industry. Short sighted men insisted high prices would continue five years, as was the case after the civil war. They ignored the fact that after the civil war Europe, our great customer, was wealthy. After the world war Europe was bankrupt, yet production continued heavily with purchasers in bankrupt condition. The great grain crop with a carry over from last year has given us a surplus. The world opened the grain market with a surplus and demand dominating conditions and grain prices went through a perfectly natural readjustment."

"This readjustment of the vast economic values has been seized upon by the politicians bidding for the farmer's votes. They tell the farmer he is being unjustly treated, that he should still receive war prices. These politicians refuse to recognize fundamental facts."

Congressman J. J. Esch, of Wisconsin, was to address the convention today, discussing various phases of the new railway transportation act. Afterward, the convention will break into small groups to prepare resolutions. Harry Wheeler, of Chicago, first president of the United States Chamber of Commerce, will be the speaker at a banquet tonight.

PASQUALE CONFESSION DOUBTED BY PARENTS OF COUGHLIN BABY

(United Press)

Norristown, Penn., Oct. 12—George Coughlin, father of baby Blakely Coughlin, today was inclined to doubt the confession of August Pasquale that he had accidentally smothered the infant and buried the body near Egg Harbor, N. J.

Wary and nervous after spending ad ay with a party of police digging around the Pasquale shack near Egg Harbor in search of the baby's grave, Coughlin today was harboring hope that the confession was false and the child was alive.

Long confinement in the cell in the Norristown prison was believed by the Coughlin family has unnerved Pasquale. It was pointed out Pasquale has made other confessions that have proved untrue.

State police however believe Pasquale's confession authentic. They believe he was prompted by fear that the baby's body would be found, and he would be charged with murder, whereas if he told his story first, then there was some chance he might get off with lesser hearers.

JUNIOR WOLD SERIES GAMES PLAYED IN ST. PAUL

(By United Press)

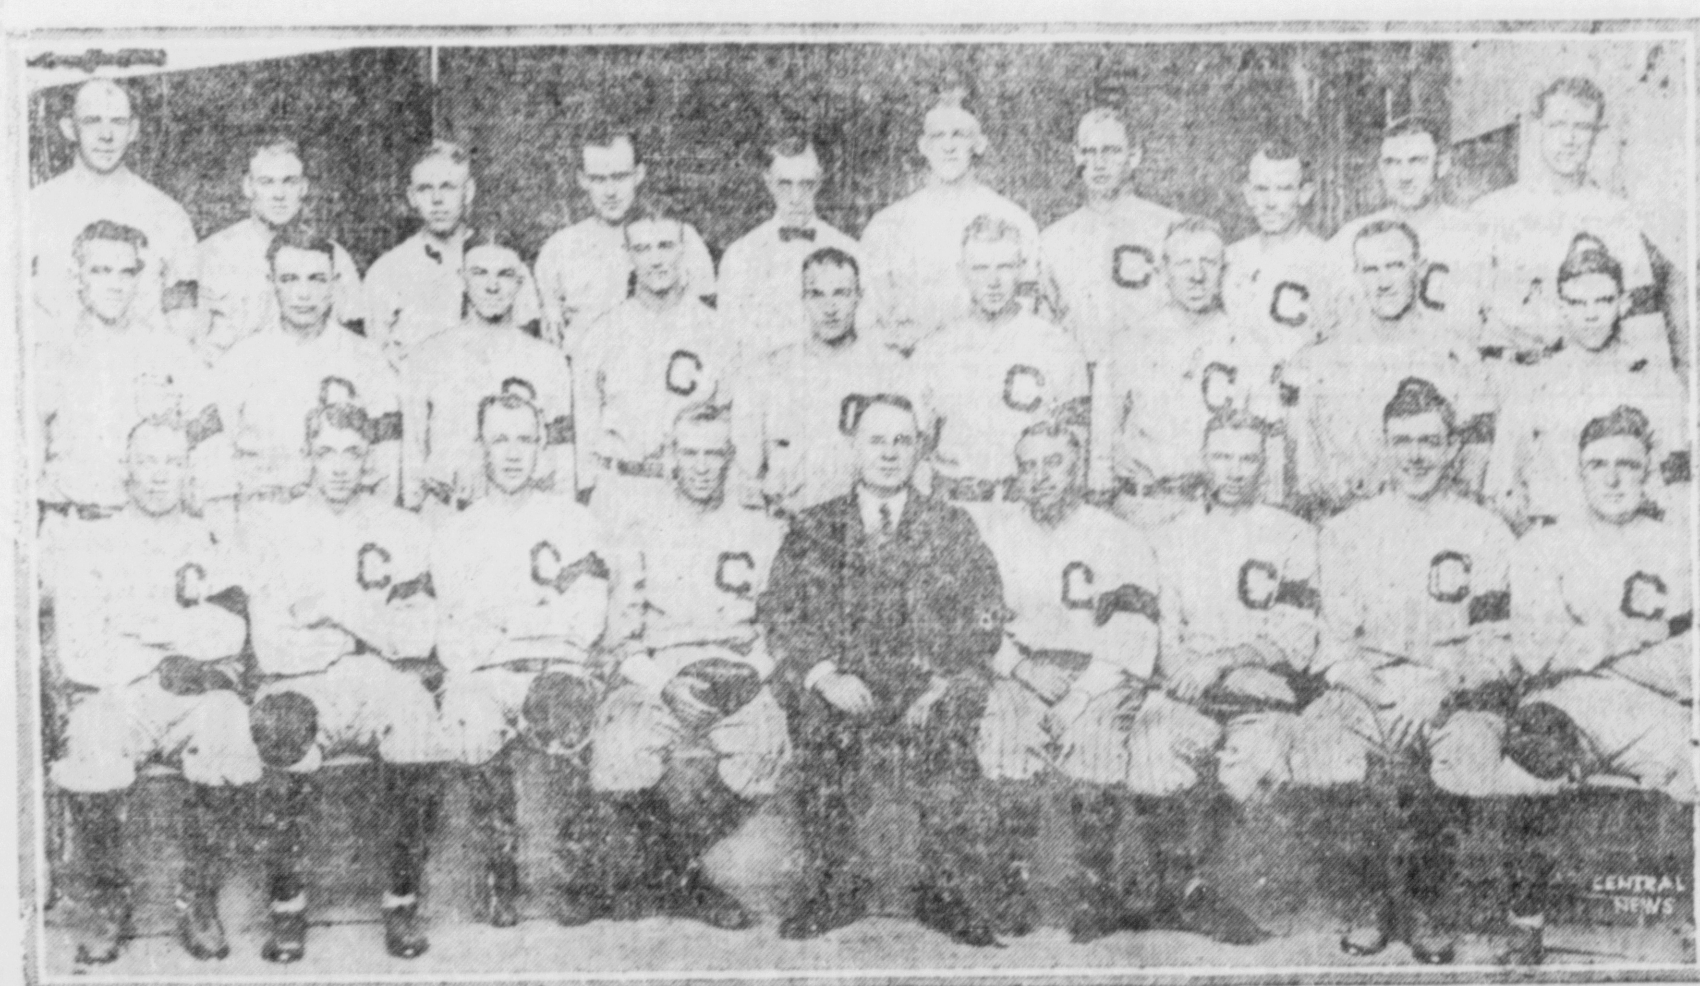

St. Paul, Oct. 12—The Saint and Orioles arrived here early today to resume the junior world series schedule at Lexington Park tomorrow afternoon.

Baltimore with three games tucked away, was confident of ending the series by Friday. The Saints with only one to their credit felt things would change on the home ground. Manager Mike Kelly was unusually confident.

FIRE MARSHALL MAY INVESTIGATE

The state fire marshal department may be asked to investigate the fire at the Joncas mill owned by the Parker-Kellogg Co. of Minneapolis. The mill had shut down for Sunday, the fires in the boilerroom died out Saturday morning and there was no steam by 1 o'clock Saturday afternoon. Nevertheless the mill was burned to the ground about 5 o'clock Sunday morning.

No insurance was carried and the loss of about \$10,000 is a severe one, because of the difficulty in replacing machinery.

P. M. Parker of the Parker-Kellogg Co. said he was at a loss to understand how a mill with no fire in its boiler room could catch on fire. It is located on the bank of Rice lake, blocks from any other industry.

The company may rebuild the mill, and if it does so, it will be made a hand mill of larger capacity. The company figured on logs as far north as 150 miles above Brainerd.

If Brainerd is abandoned, the mill will be put in at Aitkin. Brainerd may retain the industry by using its influence to gain a water pipe line from The Northwest Paper Co. to the mill site. The mill is out of the hydro area and it will be only through the cooperation of the paper mill that some sort of fire protection can be gained.

Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over. I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxative and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestine, while others would not act on the lower or large intestine, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first. And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it. It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (NR Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.

Date Interesting to Women.
The first woman's rights convention met at Seneca Falls, N. Y., July 19, 1848, and lasted two days. The leader of the gathering was Lucretia Mott, the Quakeress, and her leading assistant was Elizabeth Cady Stanton. This date is regarded as the greatest anniversary of the woman's suffrage movement in America.

THE first thing you want in foods and the all important thing is purity.

Foods should be nourishing. That's what they are for—to build up strong, sturdy bodies.

Calumet Baking Powder is pure in the can. It is made in the largest, cleanest, most modern Baking Powder Factories on earth—only of such ingredients as have been officially endorsed by United States Food Authorities.

It's pure in the baking. Calumet never fails to produce the sweetest and most palatable of nourishing foods.

It has more than the ordinary leavening strength. You use less of it. That's one reason it is the most economical of all leaveners.

Another reason is—it is sold at a moderate price—you save when you buy it.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Waffle Recipe
2 1/4 cups sifted pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 teaspoon salt, 1 1/2 cups milk, 1 tablespoon sugar, 2 tablespoons of melted butter, 2 eggs beaten separately. Then mix in the regular way.

Both are excellent speakers and will discuss the political issues of the day. At 6 o'clock in the evening a banquet will be given at the Ransford hotel and reservations for seats must be made at the hotel Tuesday.

To Speak on Range Too

Preus and Collins will address voters on the range on Thursday, Oct. 14. Here is the itinerary:

Riverton, reception at 10 a. m.
Ironton, reception and speech 11 a. m. at the city hall.

Crosby, reception and speech 12:30 p. m. at Spalding hotel.

Deerwood, reception 1:30 p. m. at Shannon Inn.

LIKE ALASKAN DAYS OF OLD

"Carmen of the Klondike" Draws Immense Crowds at the Best Theatre Monday

SHOW REPEATED ON TUESDAY

Walter Goynes and Team of Huskies Center of an Admiring Throng Day and Evening

Large crowds at the Best theatre Monday evening attested to the interest men, women and children took in the Alaskan film story, "Carmen of the Klondike" and the exploits of Walter Goynes and his team of eleven huskies.

"Carmen of the Klondike" shows the early days in Alaskan placer camps, the trails, the crazy stampedes starting nights and rushing over any kind of country, the staking of claims, the contests at the register's office.

Goynes has been in many of the Alaskan derbies and his dogs have always given good account of themselves. He has spent years in the northern country from The Pass to Nome, from Dawson to the Tanana and the Fairbanks region.

The story of the film is full of gripping episodes. There is a fight in the last reel which sets one's blood tingling. Like gladiators of old two men battle for a woman's love. The footing is none too secure, for the scrap takes place in the muck and mud of the street near a dance hall.

Tonight is the last night of the show and two performances, 7:30 and 9 o'clock, close the engagement.

NOTICE

The Women's Catholic Order of Forerunners will meet Wednesday evening at Elks Hall 6th and Laurel streets at 8 o'clock. Members please attend.

Arrangements have been completed for the big convention by C. C. Hildebrand of Minneapolis, president of the sportsmen's association and general manager of the Minneapolis Ford Company, and John F. Woodhead, secretary of the local branch of sportsmen.

Thousand Tents Pitched

One thousand tents will be pitched on the shores of the lake and sportsmen and families numbering 5,000 are expected from the outside, with hundreds from local territory. The Crow Wing Game, Bird & Fish Protective League with headquarters at Brainerd has 600 members and is one of the largest in the state.

Twenty-five affiliated Sportsmen's club have already accepted President Hildebrand's invitation to attend the Brainerd convention.

C. E. Anderson, owner of Rocky Point resort, has started clearing forty acres of land along the lake to accommodate the tented city of sportsmen. Twenty acres of another tract will park the automobiles.

Mille Lacs Indians

A novelty added to the program will be the encampment of Mille Lacs Lake Indians, the original outdoor, hunting men of America. They will set up a village of birch bark teepees. The Indians will practice up their tribal dances for the big show and will hold an Indian fair at the convention.

The program of the sportsmen will include everything from trap shooting to log rolling.

Brainerd Easy of Access

Brainerd is in the center of the state and is easy of access by railway or automobile. Minnesota roads will be in much better shape next year owing to completion of improvements made this year, thus rendering vexatious detours unnecessary.

The officers of the Crow Wing Game, Bird & Fish Protective League, with headquarters in Brainerd, are President Art White, Vice President A. A. Weidemann, Secretary John F. Woodhead and Treasurer D. A. Peterson. An active member and who assisted greatly in gaining the convention for Brainerd next year was Deputy Game Warden A. P. Cardie. The whole league in Brainerd is enthusiastic about the sportsmen meet and doing everything possible to make it successful.

"Get Acquainted With God's Country"

To facilitate travel a big dock will be built at George Rardin's place near Mud lake and Capt. Long's launch will make regular trips across Gull lake during the convention. The convention grounds are to be illuminated with electric lights. Facilities will be provided for camping. To those who wish, meals or lunches will be served cafeteria style. Open fire places will be used in cooking.

The slogan is: "Get Acquainted With God's Country and Come to Brainerd July 14 and 15."

SPEEDERS FINED

Traffic Cops Continue Campaign to Enforce Sane Driving in City of Brainerd

The campaign to make safe the streets of Brainerd and enforce sane driving continues unabated. Three complaints filed by Officer C. H. Abrahamson resulted in fines imposed by Special Judge L. B. Kinder.

Kenneth Angel was fined \$10 for speeding.

Wm. J. Cossette, driving a truck for the Cullen pop factory, was fined \$10, for exceeding speed limits.

George McMannis was fined \$10 for fast driving.

Barney Larson, who drives the Imgrund truck used to make repairs on the road, was up for speeding and gave notice of contest. The trial was set for Tuesday afternoon at 3 o'clock.

CLEVELAND'S BIG FIVE

All Cleveland is worshipping its "big four". They include Stan. Coveleskie who twice pitched the Indians to victory; Wambugans who pulled off, unassisted, a hair-raising triple play; Smith, who cracked out a home run with three men on bases, drove the ball over the fence and smashed the ball over the fence and smashed the ball over the fence; Bagby, who drove out a homer with two men on bases, after Grimes had passed O'Neill, Grimes figuring that Bagby as a pitcher was a poor batter.

The Dispatch increases the heroes and makes it a "Big Five," adding to the hall of fame Malls, who pitched 17 innings during which not a single Dodger scored on him.

It is not yet known what will be done to commemorate the deeds in baseball of these five, but it has made Cleveland stark crazy.

GLORIOUS AUTUMN

People who have journeyed in the woods the past days have commented on the glorious foliage visible. Due to absence of frost, the woods have been green longer than usual.

With the first nips of Jack Frost the leaves changed to various hues, the scarlet of the maples, red of the oaks, silver of the birches and fiery red of the sumacs making a riot of color which only nature's laboratory can turn out and causing the lover of nature to gasp with pleasure and surprise.

Drive your car into the woods and commune with nature. Don't wait too long or the winds will dash down the leaves.

REV. E. A. COOKE
IS RE-APPOINTED

St. Cloud Conference Makes Announcement of Re-Appointment of Rev. Cooke to Brainerd

PLEASES HIS CONGREGATION

In Local Church He is Leading His Congregation in a Program Taking Years to Complete

The Methodist Episcopal conference held in St. Cloud convened Sunday night with the reading of the appointments. It was a great satisfaction to the local congregation that Rev. E. A. Cooke was again appointed to the local church for the coming year.

The official meeting of the church held a week ago unanimously invited him to return for another year. Rev. Cooke has made many friends outside of the church. He is an able speaker and his sincerity is readily recognized. In the local church he is leading the congregation in a program which will take years to complete.

Mrs. Cooke has specialized on work with the youth and is serving the local church most capably as superintendent of the Primary department.

Rev. Cooke returned from the conference Sunday night and began the new year's work on Monday.

Other appointments which may interest Brainerd people are that of Rev. W. C. Hodgson, D. D. to First church, Fargo; Rev. A. H. McKee of Virginia will be the new superintendent of Duluth District which embraces Brainerd; Rev. F. W. Hill, until two years ago, pastor of the local church, goes to Crookston; Rev. H. W. Knowles also a former pastor of the local church goes to Breckenridge; Rev. Charles Fox Davis remains with Olivet church in Minneapolis.

FAREWELL PARTY

A hundred friends and neighbors gave Mr. and Mrs. Douglas Armstrong a farewell party at their home on South Long Lake point, and presented them with a set of silver knives and forks and a \$20 check. Mr. and Mrs. Armstrong are to leave for California this week, having bought a fruit ranch near Los Angeles.

The evening was spent in conversation and music and a delicious luncheon was served. The attendance at the party was evidence of the high regard in which Mr. and Mrs. Armstrong are held. All regret to see them leave and they extend to them their best wishes for success and happiness in their new home.

Methodist Aid

The Ladies Aid of the Methodist church will meet Wednesday at 3 o'clock in the church.

Mrs. Archie Hilliard and Mrs. Helmer Hanson will entertain. Visitors are welcome.

Sleeps any old Way Now

"I am 50 years old and never was sick until 8 years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about Mayr's Wonderful Remedy. After taking three doses I felt like a different man; before taking it I could not lie on my back nor right side. Now I can sleep any old way." It is simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

This advertisement is prepared and inserted by I. W. Bouck, candidate for Representative at Large from Morrison and Crow Wing counties, whose address is Royalton, Minnesota, in his own behalf and at his expense.

TO THE VOTERS OF MORRISON AND CROW WING COUNTIES

At the request of many friends, I have decided to become a candidate for the office of representative at large from Morrison and Crow Wing Counties. The office is one of those that have no party designation. My name will not appear on the printed ballot, as under the law candidates for this office cannot be nominated by petition and their names placed on the ballot unless there is a vacancy, and the attorney general of the state has ruled that in this case no vacancy exists. Those wishing to vote for me, will therefore have to write in my name, placing an X after it, or place my name on the ballot by sticker. I solicit your vote and support, and if elected shall endeavor to be a servant of all the people in the truest and most complete sense of that term.

Very respectfully yours,
 I. W. BOUCK,

The X-Ray and Chiropractic

The Chiropractor spends month after month for three years perfecting the sense of touch in his fingers so that he may correctly ascertain the location of each spinal segment in the patient's back. Even with his adeptness at locating these misaligned or subluxated vertebrae he is sometimes baffled; and to prove conclusively to himself that he is absolutely correct in his findings, he resorts to the X-ray. By taking a radiographic picture of the patient's spine, he is not only enabled to actually see the exact conditions as they exist, but he is also able to show the patient that condition.

Economy Is Foiled.

Mr. A. has a relative living in Cincinnati, whose firm deals in oil of one kind and another. Last fall Mr. A. decided he would paint his house and, thinking he would save a little money, he planned to buy the paint and the oil from the relative at the wholesale price, and to hire the painters.

The paint and oil were duly ordered, but arrived too late to be used last fall, so they were stored away until spring. Recently Mr. A. hired the necessary painters, brought out the paint and oil and set them to work. Imagine his chagrin when it was discovered after the painting was completed that the oil was of the common lubricating variety. The mixture did not work, but dripped off the house like water, and now Mr. A. has workers busy burning the paint off. The contracting painter will buy both paint and oil for the new coats.

Charles Infruit.

The most precious thing in the world—radium—has cost Charles Infruit, scientist of Paris, his left hand and his right arm, and he wants artificial arms now to continue his research. Infruit is head of the ultrate works, and his experiments with radium are among the most valuable in science. During the war he devised a "compass" to locate splinters of bullets in skull, and was made a Chevalier of the Legion of Honor. He lost his right arm first and then several fingers of his left hand, and finally the whole hand, never hesitating at the sacrifice he was making for science.

Primrose Keeps Good Time.

In the garden of Charles D. Emery of Hornell, N. Y., is an old-fashioned English primrose which opens its flowers, Mr. Emery says, promptly at eight o'clock every evening and keeps them open exactly one hour. One evening curfew, which is supposed to ring at nine o'clock, was two minutes early, but the primrose was not fooled. It took the extra two minutes, and folded its petals promptly on the hour, as marked by the stopwatch of an observer.

Cradle Boards.

There are nine different kinds of cradle boards used by the various tribes of North American Indians. The Eskimos did not use such a board. The baby was wrapped in the hood of the mother's fur coat. In the most southern tribes the baby was merely bound to the mother's back by a strip of cloth long enough to hold it.

Foolish Fancy.

From a novel: "Fancy is as intense as sympathy; even the loneliness of the goldfish in the parlor saddened her." Sheer waste of sympathy, this. Would the little beggars be continually wagging their tails if they were unhappy? Certainly not. Far from pitying them, we envy them; they can make a trip around the globe whenever they feel like it.—Boston Transcript.

More Newspaper Astronomy.

An English newspaper, quoted in Popular Astronomy, undertakes to answer the question "Why Is the Moon Not Always Round?" and enlightens its readers in the following terms: "It is. The reason it changes in appearance is that the earth's shadow is thrown upon it by the sun, and the size of the shadow varies each night when the moon is visible."

"Tower of the Winds."

This is the water clock erected at Athens, Greece, in the second or first century before Christ. It is octagonal in plan, 42 feet high and 26 feet in diameter. Toward the top of each side it is sculptured with various symbols of the wind. Originally the structure was surmounted with a bronze Triton, which served as a weather vane.

GREETINGS, PETE!

Here I am tonight in Winston-Salem where more tobacco is manufactured than in any other place on the face of the earth!

When I knocked off for the day, I buzzed around like a hungry bee in a buckwheat field—up and down long streets of R. J. Reynolds Tobacco Co. factories!

As the Reynolds enterprise proved out more and more gigantic and I talked with more men about it, I got the real and true answer as to why Camels are so good and so entirely different from any other cigarette! I'll spin it for you, old top—listen:

Every man I talked with made the one big point that the officials and the more than 350 Reynolds foremen have an inborn knowledge of the tobacco business; that (putting it into a North Carolina expression) they were virtually "born and raised in a tobacco patch"; that they know tobacco; how to grade it, blend it, and how to manufacture and sell it!

And, what's most important of all, Pete, these Reynolds folks sure give men what they want—the best that can be produced! Why—Pete, it took months to perfect Camels Turkish and Domestic blend—and that refreshing flavor—and wonderful mild, mellow body!

Tomorrow, I'm going to meet some of the Reynolds folks. Got to see inside of those factories!

And, you know me!

A Great Treat In Store For You On Sunday, October 17th, There Will Appear In The St. Paul Sunday Pioneer Press

THE KING OF TREASURE ISLAND, Drama of Grim Determination, in which August Gissler, half owner and former Governor of Cocos Island, tells of a quarter of a century of search for buried pirate hoard. Hundreds have tried to wrest the treasure from him; but like himself, have failed to locate it. It is there, however. Read what he says about it.

WHAT THE STARS PROMISE FOR PEARL O'DELL'S JAIL BABY. With her father awaiting execution in a Sing Sing death cell and her mother serving a second degree murder sentence of twenty years, this little mite has her horoscope drawn by a distinguished Astrologer. Do you want to know what the future holds for the worst handicapped little girl born in America?

NEWEST LOVE AFFAIR OF RUSSIA'S UNHAPPIEST PRINCE. Here's a story of the interesting pursuit of the fascinating Miss Teddy Gerard by the melancholy Grand Duke Dmitri, who was one of the executioners of the notorious monk Rasputin. His aunt, the ill-fated Czarina, banished him from court circles for kissing her housemaid.

PARIS BATTLING AGAINST 10,000,000 RATS.

Huge, fierce descendants of Trench Rats invade French capital and drive people from Churches, Restaurants and Homes. They multiply faster than they can be destroyed.

"You'll Always Find"

says the Good Judge

That you get more genuine satisfaction at less cost when you use this class of tobacco.

A small chew lasts so much longer than a big chew of the ordinary kind. And the full, rich real tobacco taste gives a long lasting chewing satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles

W-B CUT is a long fine-cut tobacco
RIGHT CUT is a short-cut tobacco
